

**SECTION 01 42 00
REFERENCE STANDARDS**

PART 1 - GENERAL

1.01 GENERAL APPLICABILITY OF STANDARDS:

- A. Where reference is made to specifications, standards, or recommendations of standards producing organizations, the specific document referenced is the edition in force at the latest date hereof. Materials, methods, assemblies, or practices referenced in this manner require compliance with the requirements contained in the referenced to the same extent as if herein written out in full. Since these are generally well-known documents, they are not bound herein.
- B. In addition, the standards and recommendations listed below shall be recognized as requirements in regard to materials, methods, assemblies and practices throughout these Contract Documents.
- C. Copies of each of these documents, whether named in the following list or referenced in the body of the Specifications or on the Drawings, shall be made readily available by the Contractor at the job site. Obtain these copies directly from the publication source.

1.02 ABBREVIATIONS AND NAMES OF ORGANIZATIONS:

- A. The following acronyms or abbreviations as referenced in these Contract Documents are defined to mean the associated names.

AAMA	Architectural Aluminum Manufacturers Association
AASHO	American Association of State Highway Officials
ACI	American Concrete Institute
ADA	Americans with Disabilities Act
AIA	American Institute of Architects
AIEE	American Institute of Electrical Engineers
AISC	American Institute of Steel Construction including Code of Standard Practice
AISI	American Iron and Steel Institute
ANSI	American National Standards Institute
APA	American Plywood Association
ARI	American Refrigeration Institute
ASHRAE	American Society of Heating, Refrigeration and Air Conditioning Engineers
ASME	American Society of Mechanical Engineers
ASTM	American Society of Testing and Materials
AWI	Architectural Woodwork Institute
AWPA	American Wood-Preservers' Association
AWPB	American Wood Preservers' Bureau
AWS	American Welding Society
AWWA	American Water Works Association
BIA	Brick Industry Association
BOCA	Building Officials and Code Administration International Basic Building Code
CDA	Copper Development Association
CMB	Certified Ballasts Manufacturing
CS	Commercial Standard, U.S. Department of Commerce
DFPA	Douglas Fir Plywood Association
EIA	Electrical Industries Association
ETL	Electrical Testing Lab
FS	Federal Specification (of the U.S. Government)
ICA	International Copper Association

IEEE	Institute of Electrical and Electronic Engineers
IES	Illuminating Engineering Society
--	Indiana Limestone Institute of America, Inc. - Indiana Limestone Handbook
--	International Masonry Industry All-Weather Council - Recommendations for Setting in Cold Weather
MSS	Manufacturer's Standardization Society of the Valve and Fitting Industry - Tennessee Boiler and Unfired Pressure Vessel Inspection Code
MIA	Masonry Institute of America
NBS	National Bureau of Standards (of the Department of Commerce of the U.S. Government) for Commercial Standards and Simplified Practice Recommendations
NCMA	National Concrete Masonry Association
NEC	National Electric Code of NBFU (National Bureau of Fire Underwriters)
NEMA	National Electric Manufacturing Association
NESC	National Electrical Safety Code
NFPA	National Fire Protection Association
NPC	National Plumbing Code
NRCA	National Roofing Contractor's Association
NTMA	National Terrazzo and Mosaic Association
NWMA	National Woodwork Manufacturer's Association
PCA	Portland Cement America
PS	Product Standard of NBS (U.S. Department of Commerce)
RIS	Redwood Inspection Service (Grading Rules)
SMACNA	Sheet Metal and Air Conditioning Contractors National Association, Inc.
SDI	Steel Deck Institute
SJI	Steel Joist Institute
SPIB	Southern Pine Inspection Bureau (Grading Rules)
SBC	Standard Building Code
SSPC	Steel Structures Painting Council
THS	Tennessee Highway Specifications
TCA	Tile Council of America
UL	Underwriter's Laboratories
WWPA	Western Wood Products Association (Grading Rules)

1.03 CONFLICT BETWEEN STANDARDS AND CONTRACT DOCUMENTS:

- A. In the event of conflict between standards and the Contract Documents, the provisions of the more stringent, as determined by the Architect, shall govern.

PART 2 - PRODUCTS

NOT APPLICABLE.

PART 3 - EXECUTION

NOT APPLICABLE.

- END OF SECTION -
